HIKING

Our hiking trails lead you all the way to the Columbia River below, as well as other exciting views, including hidden waterfalls and seasonal ponds. The main trail head is along the paved roadway down to the Cavern Rooms. Please use caution when hiking as there is rough terrain. Bring plenty of water. Please respect the environment by not littering or disturbing any wildlife you encounter along the trails.

Wildlife on the property includes deer, bobcats and rattlesnakes. These creatures are not normally aggressive, so if you leave them alone they will do the same for you. If you encounter a snake, step away quickly and give it a wide area as you pass. Please keep any pets on a leash for their own safety.

During the summer months, we recommend hiking early in the morning, before the heat of the day. Be prepared for windy conditions in the afternoons.
